Megan Hobbs is an HR Associate at Growth Operators, specializing in payroll processing and HRIS system implementation. She has six years of experience managing payroll for multiple clients across various HRIS platforms. Megan played a pivotal role in assisting a client through a complex acquisition, providing comprehensive support to ensure a seamless transition. She has led successful implementations and integrations of additional modules within HRIS systems, enhancing operational efficiency. Internally, Megan actively participates in a business development group focused on Minnesota Paid Leave, collaborating with colleagues to stay ahead of legislative changes and advise clients on compliance and strategic planning.
