

Christine Iverson

Director

Finance Practice

jody.hunstad@growthoperators.com

<https://www.linkedin.com/in/jody-hunstad/>

Christine is a results-driven Accounting and Finance leader with over 20 years of experience spanning enterprise and SMB organizations. She has deep expertise in month-end close, financial analysis, management reporting, and finance operations, with a proven track record in leveraging data analytics and automation to streamline processes, enhance data accuracy, and strengthen financial controls. Christine excels in managing high-volume accounting and operational teams across diverse sectors, including derivative, retail, and technology, adapting her approach to meet the unique challenges of each industry.

Christine's background includes ERP implementation, process optimization, and a strong aptitude for cross-functional collaboration. She brings a strategic perspective to finance, guiding consistent, end-to-end solutions that align with organizational goals. Her collaborative approach extends across business functions, working closely with partners and vendors to establish standard accounting and finance practices that drive operational efficiency and clarity.

With her ability to lead teams and define impactful finance strategies, Christine thrives on building financial frameworks that position companies for sustained growth and scalability. She's dedicated to enhancing enterprise value, focusing on solutions that not only meet today's demands but also anticipate the future needs of dynamic, growth oriented environments.
