Carrie is a trusted talent intelligence and leadership development expert with more than 25 years of experience helping organizations unlock leadership potential and build durable bench strength. As Managing Director of Talent Intelligence at Growth Operators, she partners with middle-market executives, boards, and private equity to bring clarity and confidence to critical talent decisions during periods of growth, transformation, and transition.

Having worked with more than 10,000 individuals using CliftonStrengths, Carrie brings deep assessment expertise combined with practical business insight. Her strengths-based, consultative approach enables clients to identify high-impact leaders, align talent to strategy, and build high-performing teams that support long-term enterprise value creation.
