Amy is an accomplished finance and accounting leader with more than 30 years of experience helping organizations improve financial performance, strengthen operations, and make informed business decisions. As a Director in the Finance Practice at Growth Operators, Amy partners with clients to enhance financial processes, deliver actionable insights, and support sustainable growth.

Her experience spans financial planning and analysis, accounting operations, audit, and enterprise system implementations across a variety of industries. Amy is known for building collaborative relationships across organizations and translating complex financial data into meaningful insights that support strategic and operational objectives.

With a practical, results-oriented approach, Amy helps organizations improve visibility into performance, streamline processes, and create scalable financial foundations. Her ability to combine analytical rigor with strong business partnership enables leadership teams to make confident decisions and drive long-term success.
